THE FILDERSTADT CARE SUPPORT CENTER - THE CENTRAL CONTACT POINT IN YOUR VICINITY

Anyone one of us might one day be in need of assistance and nursing care, either as consequence of an accident or caused by serious illness or simply by old age.

When it comes to that, the affected persons and their families will often need much advice and support for their individual situation

The Filderstadt Care Support Center is a central contact point, where the affected persons and their families may ask all their questions concerning care, even in advance and at any stage in life.

Our consultation is independent, confidential and free of charge and can be realized personally, by phone or via email.

THE CARE SUPPORT CENTER'S SERVICES

The Care Support Center provides information, advice and support for your questions around the topics nursing care, dementia and old age:

- What benefits will be provided from the nursing care insurance? How will I get assigned a Care Level?
- Which assistance is available for people suffering from dementia? Which supporting structures are offered for nursing relatives?
- Which further facilities for out-patient and in-patient care are available in Filderstadt?
- Where can I get information on topics like living will, precautionary power of attorney, or housing advice?

All these questions and many others can be answered at the Care Support Center Filderstadt - we are at your service
